Mr. Bales and Ms. Pope,

Due to the emergency situation that has impacted the Animas River in Colorado it is possible that some of the EPA attendees may not be able to participate in the meetings and tour tomorrow.

Dr. Burke wanted me to relay his apologies for not being able to speak this afternoon and for the uncertainty regarding the participation of some of the EPA staff for tomorrow's events.

We will circle back with you all as we know more about attendance for tomorrow's events.

Best,

KS

Kelley Smith
